

**Step 1.** – Secure Mast section (A) to stud in wall using at least four high-quality 3” screws per section. Failure to properly secure the mast to a secure stud can result in injury.

**Step 2.** – Place additional Mast sections (B) on top of (A) to add height if desired and secure to stud in wall as in Step 1.

**Step 3.** – For additional posts (C-G), use a level to assure holes are at the same level. Repeat as needed.

**Step 4.** – Add canvas holders by sliding down from top of Mast or up from bottom and secure with black knobs.

**Optional installation:**

For use as a free-standing easel, purchase part number #887326, and attach to mast section as directed. To order, call 920-738-0744.
