

Please open box, take out all pieces and check for damage before beginning assembly.

Step One:
Lay Hinged Bench Piece on its side (A).
Open hinged legs. Notice the groove on the under side of the bench.

Step Two:
Insert the Support Piece (B) into the groove on the under side of the bench by over-extending the legs just enough to slide the Support Piece into the groove. (It may help to turn the bench upside down.) Secure with 4 wood screws provided.
