

St. Petersburg Watercolors

A professional-grade watercolor made in a country rich with art history. These liquid-poured, semi-moist, full pan watercolors are manufactured in a St. Petersburg factory that has been producing color for over 100 years. The liquid-poured process is thought by professionals to produce the highest quality watercolors. The finest raw materials and pigments are used to guarantee the highest possible light and colorfastness.

Jack Richeson & Co., Inc. 1.800.233.2404 www.richesonart.com

All individual Yarka™ St. Petersburg Watercolors are packaged according to ACMI regulations. While many colors are AP approved non-toxic, certain colors bear the CL label with safety warnings. ⚠️
